

ENTRI elevate

In-Demand Coding Program

DIGITAL HANDBOOK

FULL STACK DEVELOPMENT | MERN

Full Stack Development | MERN program is a technology training program that will be of high industry relevance in the coming years. By going through the program, students will be able to achieve certification that will help them to apply for different job roles in many Technology and Business organizations (such as Information Technology, Banking, Financial Services, Retail) that apply such technologies.

SYLLABUS

1. Web Design Essentials

UNIT 1. Introduction to HTML, HTML Boilerplate, Elements, Headings, Paragraphs, Buttons, Attributes, Images, Hyperlink, Containers, List, Table, Forms, Head Section and Meta Tags, Block and Inline Elements, HTML Classes, HTML Id, HTML Forms, Input Types, Input Attributes, Comments.

UNIT 2. Introduction to CSS, Properties, color, background color, id, class, CSS Box Model - Margin, Padding, CSS Flex Box, CSS Grid, CSS Positioning Layout, Responsive Webpage, Media Queries, CSS Media Queries.

UNIT 3. Introduction to Bootstrap, Installation & Components, Grid System & Responsive, Bootstrap Cards & Modals.

UNIT 4.
Git & Github - Git local commands, git remote, branches, Branching & Hosting

2. Javascript

UNIT 1. Javascript Foundation

Introduction to JavaScript, Javascript Console, Syntax, Variables, Constants, Datatypes, Operators, Functions & Arrow Functions, Control Statements, Comments.

UNIT 2. Javascript Intermediate

DOM & DOM Selectors, Event & Event Listeners, Form & Validation, API - fetch, then, catch, JSON, JSON.parse(), JSON.stringify() & Objects.

UNIT 3. Javascript Advanced

ECMAScript 5, Array & Array Functions, Asynchronous JS - Callbacks, Callback Hell, Promises, Async/await function.

Scorecard

We will be maintaining a Scorecard to keep track of your assessment scores -- assignments, module-end assignments, projects, and final exams. This scorecard will be issued to the eligible candidates at the end of the course along with the certificate. Check **Page 5** for the Eligibility Criteria.

SYLLABUS

3. Front-End | REACTJS

UNIT 1. Introduction to React, Create React App(CRA) & Vite, JSX & Components, componentization, Reusable components - props, conditional rendering, Lists & Events. Styling with Tailwind

UNIT 2. ReactJS Hooks - useState, useEffect, & Custom Hooks, fetch & Axios, React Router, Forms & Loader, State management using Redux, Redux Basics, useSelector & useDispatch Hooks.

MINI PROJECT

Intermediary Assessment
Mid-Level Certification

4. BackEnd

UNIT 1. Node JS Overview, Node JS Package Manager(NPM) CLI Overview, REPL, Modules - Built-In & Global Module, Queries in NodeJS.

UNIT 2. Intro to ExpressJS, Routes and HTTP methods - rGET, POST, PATCH, PUT, DELETE, Status codes, ExpressJS Routes, Middlewares & Testing using Postman

UNIT 3. Getting Started with Database, Introduction to MongoDB, SQL vs NoSQL, Why MongoDB?, Document & Collection, MongoDB Compass, Atlas, Connection using Mongoose, Schema & Model, Basic Query Learning & CRUD Operations.

UNIT 4. Connecting NodeJS with MongoDB using Mongoose, CRUD Operations, and Error Handling. Aggregation & Indexing.

What is inside Scorecard?

Formative Assessments: These assessments occur during the learning phase of the course to monitor learner progress with ongoing feedback. This includes the weekly assignments.

Comprehensive Assessments: These assessments occur during the learning phase of the course to assess the learners overall understanding of each module and their skills. This includes the module end projects.

Summative Assessments: These assessments occur at the end of the learning process to evaluate the knowledge and skills of the learner. This includes the MCQ and Codeathon.

SYLLABUS

5. NodeJS & ExpressJS

UNIT 1. JWT Authentication, Signup and login - JWT, Bcrypt, Protected routes, role-based authorization. Connect Login Page to BackEnd, Protected Routes in Frontend

UNIT 2. Integrating Backend and Frontend, Deploying Frontend and Backend

6. Capstone Project

You are expected to create a real life working MERN project using the knowledge & skills that you have earned through this course. This project needs to be completed within 30 days where Project topic will be provided by your project mentor.

Summative Assessment | Final
Course Completion Certification

Summative & Intermediary Assessment

1. You will have a maximum of 2 attempts for the Summative Assessment
2. The first attempt is free of cost, and the second attempt will be upon a cost of INR 500/-
3. Intermediary Assessment - you will have only 1 chance, that too as per the schedule

The Entri Way

★ BEST PRACTICES!

- Allocate a minimum of 12 hours per week for learning and practice
- Watch & practice all in-app videos for the current week before attending live sessions
- Join the live sessions on time and stay till the end
- Notify the course coordinator and mentor 24 hours in advance if you'll miss a session.
- Complete midweek tasks and module-end assignments on time
- Have a dedicated, distraction-free workspace for your practice and learning
- Use a 64-bit machine with a minimum of Windows 8.1 or OS X 10.
- Possess a headset with a microphone and a webcam for live sessions.

ESCALATION MATRIX

You may connect with the below members for any concerns:

- 1.Course Coordinator: Queries related to your Fees, Attendance, In-App support
- 2.Batch Mentor: Academic doubts & support
- 3.Lead Mentor: If you cannot connect with the course coordinator or batch mentor
- 4.Placement Associate: Regarding placement queries

CODE OF CONDUCT

Respect Others: We value diversity and inclusion. Treat every member of our community with respect and kindness, and refrain from any behavior that is discriminatory, harassing, or abusive.

Be Honest: Maintain academic integrity by avoiding cheating or plagiarism. Take responsibility for your work and give proper credit when using external sources.

Be Punctual: Attend all classes and be on time. If you cannot make a class or will be late, notify your instructor in advance to minimize any disruptions.

Collaborate: Embrace teamwork and cooperation. Engage with your fellow students and use Discord, our official communication platform, for doubts and helping others.

Be Communicative: Keep your microphone and video accessible during classes to foster an engaging and interactive learning environment.

Report Concerns: If you encounter behavior that violates our Code of Conduct, promptly report it to your instructor following our Escalation Matrix.

ELIGIBILITY

CERTIFICATE ELIGIBILITY

Learner can earn the course certificate only after meeting the below criteria:

1. Learner should have minimum 85% attendance for the live sessions
2. Learner should complete all the assignments, assessments and project as per the course agenda on time
3. Learners should score 40% or above separately for the Formative, Comprehensive & Summative Assessment

PLACEMENT ELIGIBILITY

- Watch all video sessions on the app
- Maintain a minimum of 85% attendance in live sessions
- Complete all capstone and module-end assignments within the scope and time
- Meet the formative and comprehensive assessment
- Successfully complete the summative assessment
- Attend and pass mock interviews

GENERAL GUIDELINES

- You are expected to adhere to the program's timeline.
- According to our teaching model, you learn the concept from the In-app videos and learn the practical implementation in the Live session.
- It is mandatory to join the session through a laptop or a desktop computer. Ideal machine requirements: 64-bit Machine, Windows 8.1 above, OS X 10.
- A headset with a microphone and webcam is essential for virtual learning, facilitating visual communication in live sessions.
- Use your official full name as the Display Name and maintain a professional display picture when interacting with mentors on all platforms.
- If unable to attend a session, notify the course coordinator and mentor at least 24 hours in advance.
- Mentors won't repeat missed sessions; review VODs and recorded live sessions independently. Post doubts on the Discord channel if needed.
- We use Discord as our official communication platform and you will be required to use it for any communication outside of live sessions. Connect with the mentors strictly through Discord only and not any other media.
- You are supposed to react or respond to mentors' messages such as polls, intimations, and updates duly, and should ask for clarity if required.
- You should be able to unmute and speak when a question is directed to you from mentors.
- Join and stay for the entire live session for attendance to count. Attendance and in-app activity will be monitored for placement eligibility.
- A reliable internet connection (10 Mbps upload and download speed) is crucial for online classes. Download the necessary software, and communicate with mentors and fellow students.
- Mock interviews are mandatory for interview preparation. Notify the coordinator 24 hours in advance if unable to attend. Missing two mock interviews will result in exclusion from placements.

DEFERRAL POLICY

BEFORE YOU JOIN

- If a Learner, due to unavoidable circumstances is unable to commence with the batch and requests for a deferral before the batch Commencement date, Learner will have the option to defer to another batch.
- There is no cost involved in changing the batch for the first time. However, you can raise a maximum of 1 batch change request and our academics team has to approve the batch change request.
- A Learner can request deferral once to a batch that starts within the next 6 months from the batch start date of the initial batch the Learner enrolled for. For example, if the initial batch commencement was January 1, the deferral batch commencement date should be within June 1.

AFTER YOU JOIN

- Learners can apply to defer a batch till 30 days from the commencement of the batch.
- Only one deferral request will be entertained once the batch commences.
- No additional fee is applicable for deferrals.
- Post 30 days, no batch deferrals will be entertained. Exceptions will be upon payment.
- The deferred batch will be a new batch and will not resume from where the user paused in the initial batch. For example, if the learner paused the first batch when the topic was javascript, the new batch will be from the beginning of the courseware and not from javascript.

Scenario	Deferral Policy
Before batch commencement	No deferral fee. Learners can do one batch deferral request provided the batch is not commenced. The deferred batch commencement should be within 6 months from the first batch commencement date learner opted for.
After batch commencement	No deferral fee. Learner can request once for batch change/deferral within 30 days of batch commencement

REFUND & CANCELLATION POLICY

REFUND ELIGIBILITY

We adhere to a strict NO-Refund policy. However, in extremely rare and unavoidable situations, exceptions may be considered by the Entri Team after a thorough evaluation according to the guidelines provided below:

- A learner who has made full payments during admission is only applicable for refund
- Any refund approved as mentioned above, shall be subject to processing fee deduction as below :
 - Refunds requested within 0-7 days of purchase will incur a processing fee deduction of 10%
 - For requests made between 8-15 days, the deduction will be 25%
 - Refund requests made 16 days and above will result in a 100% deduction of the processing fee.
- Entri Management will have final approval.

This Refund Policy outlines the terms and conditions under which refunds may be granted to learners enrolled in our programs.

REFUND REQUEST PROCESS

- To initiate a refund request, learners are required to contact our User Happiness Team. The specific mode of raising such a request, whether via a designated form or otherwise, will be communicated to the learner.
- Upon receipt of the request, our team will review and determine the eligibility and amount of the refund as per the refund eligibility mentioned above.

We reserve the right to amend or update the above policies at our discretion, without prior notification. All changes will be published on our official website.

EMI PAYMENTS

LOAN PAYMENTS

- Learners who have chosen the Loan Payment option must continue to fulfill their monthly Equated Monthly Installment (EMI) commitments without alterations.
- Loan cancellations are not feasible under any circumstances. However, in exceedingly rare and extraordinary situations, exceptions may be entertained by the Entri Team following a thorough evaluation process:
 - Such requests, if received within 15 days, will be rigorously assessed, and approval will be granted solely on genuine grounds.
 - However, learners should note that even if approved by the User Happiness Team, cancellation will only be processed after clearing all pending EMIs, late payment fees, and penalties.
 - Additionally, a non-refundable cancellation fee equivalent to 10% of the outstanding payment will be applicable.
- Learners who have opted for the ENTRI EMI option shall pay the agreed installment amount within 30 days from the date of purchase. If no payments are made in 30 days, the course will be locked until the learners clear the due. The due date and payment reminders shall be communicated to the learners via app notifications.

NOTE

- Refunds are expressly not applicable to learners who have completed more than 15 days in the batch.
- It's important to adhere to the prescribed NBFC procedures for loan cancellation, and failure to comply may adversely affect the applicant's CIBIL Score.
- Learners are strongly advised to carefully consider their financial commitments and maintain a positive financial standing by adhering to the agreed-upon terms.
